We will not be attending tonight's event. This appears to be little more than a rally against the initiative.

We look forward to participating in the Secretary of State's town hall forums, at least one of which will be in Navajo County.

Thanks for your invitation. Good luck with your campaign event.

Mr Myers,  
We look forward to your participation this evening. Our agenda has been set with the tv station as of 11 am yesterday and will proceed as planned. Again, we are happy to place a download on our website representing your position. We will have space for placement of materials at the event.  
Travel safely.
